ALUMINUM COOKING UTENSILS

The Choice of Experience

LIBRARY

DEC 14 1948

U.S PATENT OFFICE

EASY TO CLEAN

In a recent Good Housekeeping survey, the fact that Aluminum is "Easier to Clean" rated first among women's reasons for preferring Aluminum.

LIGHT — BUT STRONG

Easier to handle; yet quality Aluminum Utensils are so strong and durable that they last indefinitely.

SUPERIOR HEAT-CONDUCTIVITY

Aluminum conducts heat approximately three times faster than other commonly used materials. This rapid conductivity spreads heat quickly, more evenly throughout an entire utensil, avoiding hot spots. For instance, a pint of milk can be boiled down to one-quarter pint, over low heat, without stirring — and it won't scorch. In baking and roasting utensils this rapid spreading of heat results in evener browning. Because of Aluminum's low emissivity and superior conductivity, less heat is required.

ALUMINUM IS "FRIENDLY TO FOOD"

Aluminum cannot possibly change the natural color, flavor or wholesomeness of foods. And as for foods containing vitamin C (as milk), Aluminum is absolutely without effect on healthful vitamin potency.

GOOD HOUSEKEEPING SAYS: "Good Housekeeping has investigated thoroughly the matter of absorption of Aluminum from cooking utensils, both as to extent and to possibility of toxic amounts, and we believe there is absolutely no danger from the use of such ware. Aluminum cooking utensils have been pronounced harmless by the Hygienic Laboratory of the United States Public Health Service, and other organizations devoted to the public good.

PLUS ADVANTAGES OF MIRRO

1. Pioneers in creating new utensils and improving old.
2. Always the latest features in cooking utensils.
3. Spot welded handles on many items.
4. Variety of finishes such as Alumilite, Sand Blast, Lacquer, Chrome, etc.
5. With rolling mills we control quality of our sheet.
6. Complete lines of cooking utensils, giftware, gadgets and toy sets.
7. Complete advertising cooperation:
   - National magazine advertising
   - Country-wide newspaper advertising
   - Trade journal advertising
   - Store and window display material
   - Mailing circulars
   - Suggested advertising layouts
   - Catalog pages and listings
   - Trained advertising experts
8. Merchandising services such as:
   - Seasonal campaigns
   - Coupon specials
   - Demonstration allowances on specialties
9. World's largest manufacturers of aluminum cooking utensils.

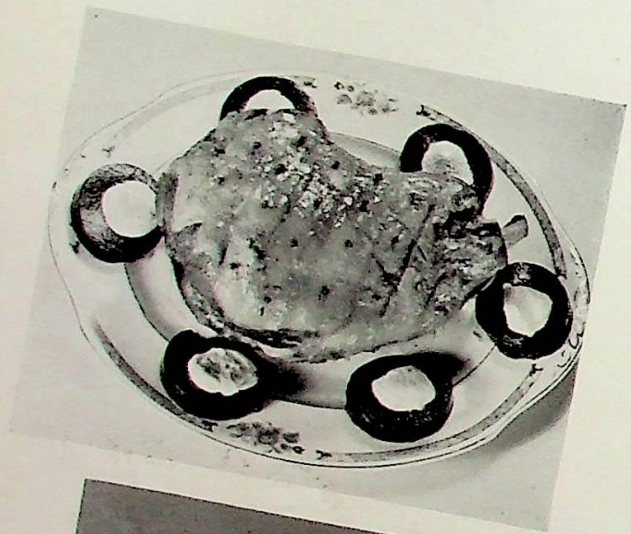
Vitamin Saving
WATERLESS COOKING
Vapor-Seal Ware



Foods Look and Taste Better

Foods look better — the garden freshness and original colors are retained when cooked the MIRRO Vapor-Seal way with little or no water. Foods remain whole and are not easily overcooked. Foods taste better too, because all the delicious flavors are saved and none of the juices are poured down the drain.

Food and Fuel Bills Cut

Meats are cooked to a delicious tenderness in MIRRO utensils without "Pot Watching" and at a fraction of the cost for heat. You can use cheaper cuts of meat — the less choice chickens — pot roasts of beef, and still enjoy flavor and downright goodness if prepared in MIRRO Vapor-Seal utensils with the heat unit turned to a "wisp."

Family's Health Better

Healthy appetites are a mighty good sign in a family. Children eat more enthusiastically when meals look and taste better. When foods are filled with all nature's rich goodness, foods are more beneficial. Better foods are priceless insurance against doctor bills, loss of time, and mean greater family Happiness.

Vapor-Seal Covered Pans

SUPER-WEIGHT. Scientifically designed for vegetable, meat and cereal cookery with little or no water. Valuable vitamins and minerals, ordinarily lost, are retained to a very high degree. Vapor-Seal cover has fuel saving heat indicator. Inside of pans perfectly smooth (no rivets) with rounded corners, very easy to clean. Recipe folder, with full directions, included.

Polished; inside sun-ray; satin finish, flat, quick-heat bottom. Spot welded handle socket. Attractive, non-burning, replaceable Thermoplax handle and knob.

Number	Gauge	Cap. Qts.	Diam. Bot.	Ship. Wt. Lbs. Doz.	Hdle. No.

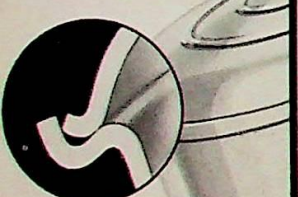
MIRRO VAPOR-SEAL SET

for Vitamin-Saving Waterless Cooking

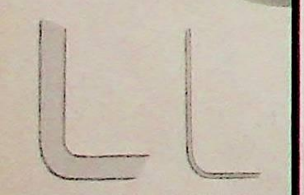
VAPOR-SEAL *Features*

"POP" The Automatic Signal Valve That Warns The Housewife When Fuel Is Being Wasted.

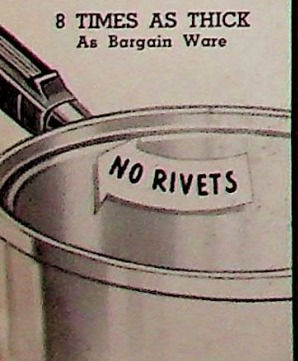


The VAPOR-SEAL

Seals in Food Flavors — Foods Cook in Their Own Juices The Healthful Waterless Way.



8 TIMES AS THICK
As Bargain Ware



All Heat-proof Trims Are Spot-Welded
SMOOTH INSIDE AND OUT—EASY TO CLEAN

Save time, save fuel, save food value and flavor by depending on "POP" the automatic signal valve on MIRRO Vapor-Seal utensils. When the valve "pops" it lets you know steam has filled the utensil and it is time to turn down the heat. No fuel is wasted. The Vapor-Seal retains all food flavors. Foods cook in their own juices the healthful waterless way.

All the No-burn Thermoplax trims on Vapor-Seal ware are spot-welded, giving the utensil a smooth, easy to clean, rivetless surface inside and out. For waterless cooking at its best, use MIRRO Vapor-Seal utensils.

MIRRO VAPOR-SEAL SET NO. 1695

SET CONSISTS OF THE FOLLOWING:

No. 604½-M	4½ Qt. Dutch Oven
No. 702-M	2 Qt. Covered Pan

A Correct Utensil for Every Type of
MEAT PREPARATION

MIRRO The Finest Aluminum

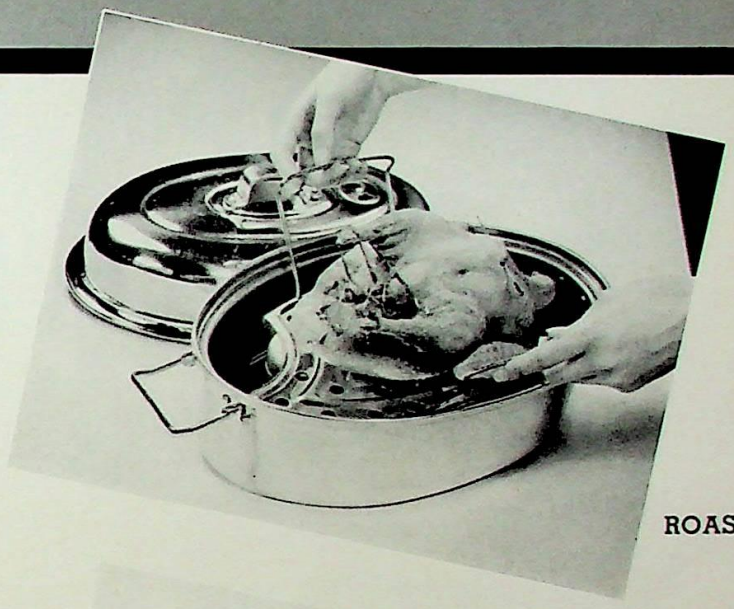
Nowadays much of the guess work has been taken out of meat cookery. Given the proper equipment — like MIRRO Aluminum utensils which distribute heat evenly, and a roasting thermometer—any homemaker can achieve success.

Cookery methods have changed a great deal in the last few years. No longer do Home Economists recommend the roasting of meat at high temperatures. Also, how and when to use open or covered roasters is now a matter of common knowledge.

All these changes have been anticipated by our MIRRO Test Kitchen and built into MIRRO ware by our trained designers.

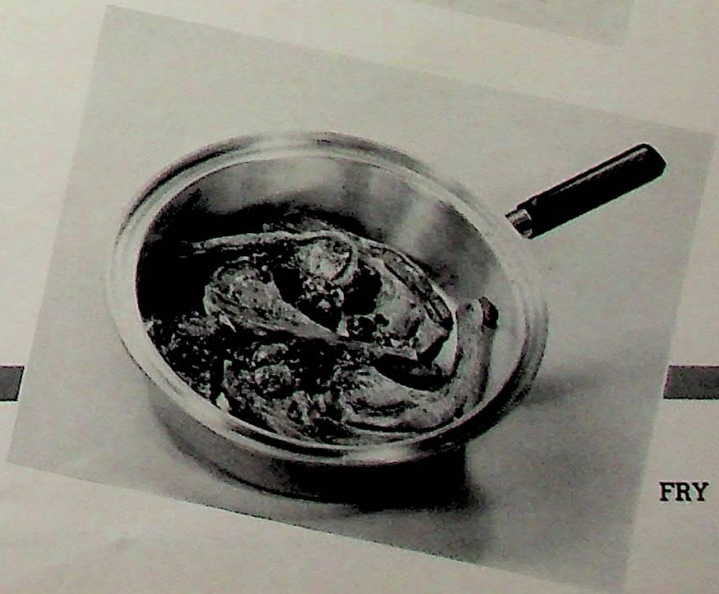
Broiling, roasting, frying, baking, braising—there is a MIRRO utensil especially suited for every type of meat preparation. Leading food specialists, practical homemakers and hungry households are enthusiastic in their praise of such MIRRO utensils as the Barbecue Pan, Griddle Grill, Do-All Roaster, Broilers, Fry Pans and French Fryers.

MIRRO ware conducts heat quickly and evenly; there are no "hot spots"; food is less likely to stick or scorch and you have better tasting food prepared in less time. These are but a few of the reasons why countless housewives buy and use MIRRO ware.



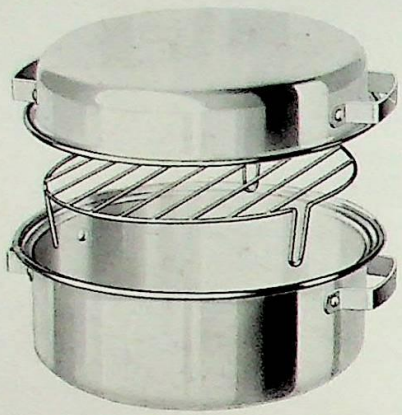
ROAST

BROIL



FRY

MIRRO
CORRECTLY DESIGNED
THOROUGHLY TESTED



Do-All Roaster

Combination broiler, casserole, cooker and roaster. Aluminum roasters heat evenly, preventing scorching. Meat and fowl brown perfectly with less shrinkage. Top pan ideal for upside down cakes, puddings, etc. Lower pan approximately 4 qts. — upper 2 qts. Large, rounded corners, very easy to clean. Sanitary square bead on bottom shell. Rack makes fine cake cooler.

Polished; inside sun-ray; satin finish, quick-heat bottom and top. Rack and side handles heavily tinned to resist rusting

Each one wrapped. Trade-marked and labeled.

* Process patented.

ALUMINUM WARE

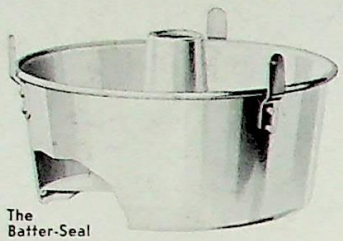
for Better Baking

Aluminum is the ideal utensil material for baking because it heats quickly and browns evenly.

★ Superior Heat Conductivity. Aluminum conducts heat approximately three times faster than other commonly used materials. This rapid spreading of heat gives distribution throughout an entire utensil, avoiding "hot spots." For instance, a pint of milk can be boiled down to one-quarter pint, over low heat, without stirring — and it won't scorch. In baking utensils this rapid spreading of heat gives a more beautiful, evener browning. It holds heat in. Because of Aluminum's superior heat conductivity, less heat is needed, thus reducing fuel costs.

★ MIRRO Baking Ware Cleans Easily. Because of the rapid heat conductivity aluminum baking ware is not apt to scorch or cause foods to stick. Rounded corners and seamless construction offer no places where food particles can lodge. The hard, smooth, rustless surface of aluminum makes it simple to clean after each use and easy to keep silvery bright.

★ MIRRO Aluminum Mixing Bowls, Pie Plates, Bread Pans, Biscuit Pans and Molds feature stain-resisting Alumilite finish. This is a patented finish, not a plating, resulting actually in a change in the surface structure of the aluminum which prevents discolorations, and more especially, heats 30% faster.



The Batter-Seal

Tubed Cake Pans

Aluminum is ideal for baking. Seamless, rust-proof and unbreakable. Stays bright, heats quickly and browns evenly. Leak-proof, batter-seal loose bottom. Cakes are removed easily and perfectly. Convenient legs for cooling cake upside down.

Polished; inside sun-ray; satin finish, quick-heat bottom.

STURDY
THE GOOD ALUMINUM

A GOOD 20 GAUGE LINE

Each utensil goes through an extended period of "home use" in our kitchen laboratory. Here it is tested for size, shape, construction, location of handles, practicability and ease of cleaning. Every single piece is made of the purest, smoothest, hardest finish aluminum sheets rolled in our own mills. Only utensils passing all these tests are added to the line. This is your assurance of lasting quality and efficiency.

Here are some of the important features to look for when buying **STURDY.** Heat-proof Bakelite knobs and grips, Snug-fitting inset covers, Sanitary square beads, Easy-to-clean, rounded corners, Easy-grip handles attached by strong aluminum rivets.

Sturdy aluminum utensils fit well into stocks where dealers want Good Aluminum at a more favorable price.

Tea Kettles

Spout fashioned for convenient filling and easy pouring. Large cover opening facilitates cleaning. Cover will not fall off when kettle is tilted. Stationary handle.

Polished; satin finish, quick-heat bottom. Welded spout and riveted bail. Heat-proof Bakelite grip and cover knob.

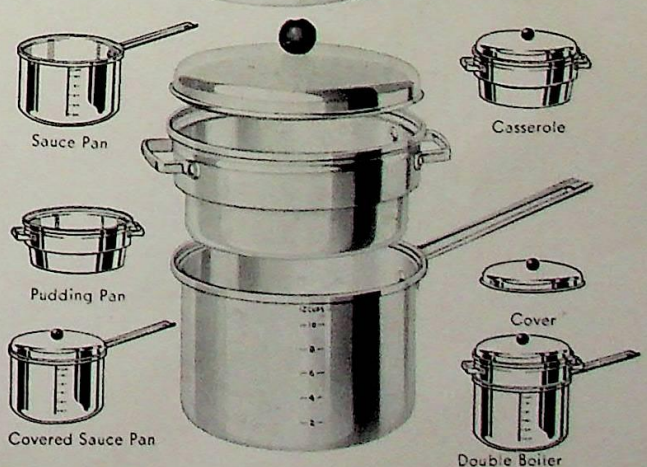
Graduated Five-in-One Combination Pan Sets

Combination many purpose utensil. Compact and economical. Saves storing space. Cover fits recess in pan to help prevent boiling over. Convenient, accurate graduations. Large rounded corners, very easy to clean. Sanitary square beads. Strong, comfortable handles, attached by sturdy rivets, heavily tinned to resist rusting.

Polished; inside sun-ray; satin finish, quick-heat bottoms. Heat-proof Bakelite cover knob.

Number	Gauge	Cap. Qts. Inset	Cap. Qts. Bot.	Diam. Bot.	Case Lot Dz.	Ship. Wt. Lbs. Doz.
5902-S	20	1 1/2	2	6 1/4	1	18
5903-S	20	2	3	7	1	20

Each one wrapped. Trade-marked and labeled.



Electric Percolator

(With Midget Cord Set)

Makes perfectly flavored coffee. Double wall insulated pump promotes instant action with percolation continued just below boiling point. Tight fitting cover has long skirt to prevent falling off. Easy pouring spout. Directions included.

EMERSION TYPE ELEMENT (400 watts). Highly efficient. Long life. For 105 to 120 volts; AC or DC. Guaranteed for one year. Patented.

Polish finish. Welded spout. Water distributor plate. Fibre feet. Black enameled, replaceable wood handle.

Number	Gauge	5½ Oz. Cups	Ship. Wt. Lbs. Doz.	Inset No.	Hdle. No.	Cord No.
9122-S	22	9	33	9122	9893	9208

Uses No. 2446 glass top.

One in corrugated carton. Trade-marked Ⓐ. Labeled.

LISTING BY UNDERWRITERS' LABORATORIES, INC. COVERS APPLIANCES ONLY. IT DOES NOT COVER A CORD SET.

Electric Percolator

(With Standard Cord Set)

Makes perfectly flavored coffee. Percolation continued just below boiling point. Tight fitting cover has long skirt to prevent falling off. Easy pouring, goose neck spout. Directions included.

FLAT TYPE ELEMENT (450 watts). Upper surface of element convexed for greater efficiency and longer life. For 105 to 120 volts; AC or DC. Guaranteed for one year. Element terminal pins and guard in one unit for easy replacement.

Polish finish. Welded spout. Water distributor plate. Fibre feet. Replaceable, non-burning Thermoplax handle.

Number	Gauge	5½ Oz. Cups	Ship. Wt. Lbs. Doz.	Inset No.	Hdle. No.	Cord No.
9442-S	22	9	38	X9432	9802	9207

Uses No. 2446 glass top.

One in corrugated carton. Trade-marked Ⓐ. Labeled and tagged.

Graduated Percolators

Excellent coffee made quickly without guess work. Convenient, accurate graduations. Cover opening made extra large for easy cleaning. Tight fitting cover has long skirt to prevent falling off. Sanitary, open style spout shaped to prevent dripping after pouring. Bottom flared for greater heating efficiency.

Polished; satin finish, quick-heat bottom. Clinched spout. Attractive, non-burning, replaceable Thermoplax handle.

Number	Gauge	Qts.	5½ Oz. Cups	Case Lot Dz.	Ship. Wt. Lbs. Doz.	Inset No.	Hdle. No.

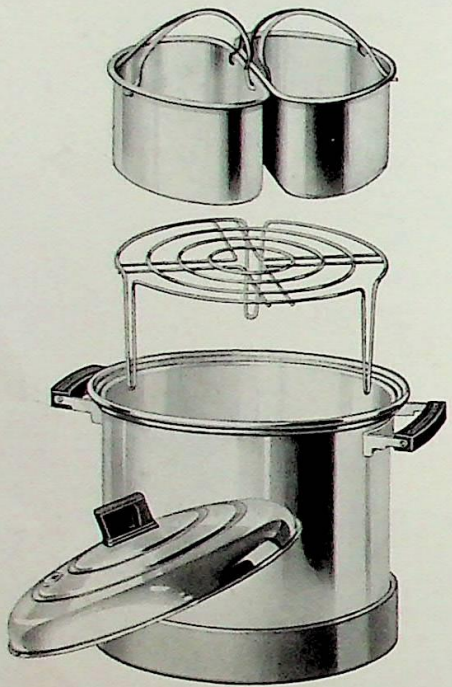
STURDY
The Good Aluminum

ADVANTAGES OF VAPOR-SEAL WATERLESS COOKING UTENSILS

Less heat is required to maintain cooking temperature.
The fresh flavor and natural color of fruits and vegetables are retained.
Eliminates "pot watching", avoids meat shrinkage and saves fuel.
Cooking odors of strong vegetables are eliminated.
Inexpensive cuts of meat are rendered tender and savory.



Illustrates No. 7900-S

Vapor-Seal Cookers

Ideal for fancy combination meals cooked the economical, healthful way, with little or no water. Inset pans for a variety of foods, prepared at the same time. Use also for steam cookery of all types. Capacities for cold pack canning. No. 7887-S five pint jars; Nos. 7900-S and 7890-S three quart jars and one pint jar or five pint jars. Vapor-Seal cover has fuel saving heat indicator. Pot and inset pans have rounded corners, very easy to clean. Recipe folder with full directions included.

Polished; inside sun-ray; satin finish, quick-heat bottom. All inset pans bright natural finish. Rack and bails heavily tinned to resist rusting. Aluminum lacquered, slotted steel base. Attractive, heat-proof, replaceable Bakelite trims.

Handy ALUMINUM SMALL WARE

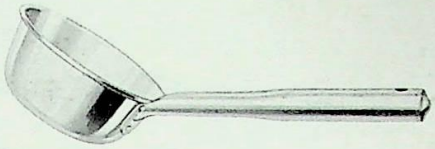
KITCHENS NEVER HAVE ENOUGH OF THESE TIME SAVING GADGETS

Aluminum Small Ware items offer so many short cuts to busy housewives that no kitchen can have too many of them around.

Many outstanding features distinguish Aluminum Goods Mfg. Company Small Ware:

1. Practical design. Every article is made to serve the housewife in the most practical and efficient manner possible — all metal rolled to exact specifications for maximum hardness and brightness.
2. Many new items are constantly being added to the line. Examples are the revolutionary MIRRO Swirl Mixer—no more lumps in gravies and sauces — and the famous MIRRO Full Recipe Cooky Press.
3. Aluminum Small Ware is Rust-proof and Unbreakable.
4. Seamless — No sharp corners — Easy to clean.
5. Aluminum is the ideal material for molds. Just a dip in warm water instantly loosens contents — Perfect shapes assured.
6. Merchandising helps. Attention getting display stands available.
7. Aluminum Small Ware and Gadgets have quality, eye appeal and big value written all over them.

RUST-PROOF . . UNBREAKABLE
NO SHARP CORNERS



Dipper

Fruit jar funnel					
Jar funnel with strainer		1 pt.	2 1/8	5	
Spout funnel with strainer		17 ozs.	3/8	5	
Spout funnel					

Half dozen in folding carton.

Juice Extractor

Bright natural finish.

Number	Gauge	Height	Diam.	Ship. Wt. Lbs. Doz.
2625	24	1 7/8	3 1/2	1

One dozen in folding carton.

Combination Jigger and Pony

Polished; inside frosted finish. Two capacities: upper section (Jigger) 1 1/2 ozs.; lower section (Pony) 3/4 ozs. embossed on sides.

Number	Gauge	Cap. Ozs.	Ship. Wt. Lbs. Doz.
2449	24	1 1/2—Jigger 3/4—Pony	1

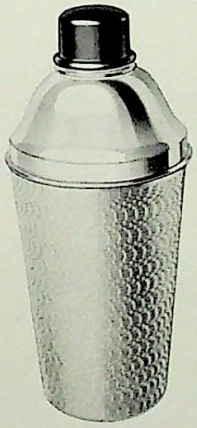
One on a card with each dozen packed in box.

Chrome Plated Beverage and Cocktail Shaker

Chrome plated shell, velvet satin inside, black enameled breast and chrome plated cap. Extra quality. Engraved rings on cap and shell make this an exceptionally attractive number. Breast and cap fit snugly to prevent contents from leaking. Recessed straining screen eliminates clogging and permits easier pouring.

Number	Gauge	Cap. Ozs.	Height	Ship. Wt. Lbs. Doz.
2642-M	18	40	10¼	10

One in folding carton. Attractive recipe folder enclosed. Trade-marked MIRRO.



Beverage and Cocktail Shaker

Polished forged shell and plain breast, red enameled cap. Extra quality. Attractive forged design. Sure grip. Breast and cap fit snugly to prevent contents from leaking. Recessed straining screen eliminates clogging and permits easier pouring.

Number	Gauge	Cap. Ozs.	Height	Ship. Wt. Lbs. Doz.
2636	18	40	10¼	10

One in folding carton. Attractive recipe folder enclosed.

Beverage and Cocktail Shaker

Polish finish. Strainer and extractor in breast. Breast and cap fit snugly to prevent contents from leaking.

Number	Gauge	Cap. Ozs.	Height	Ship. Wt. Lbs. Doz.
2627	24	18	8	3½

Half dozen in box.

Beverage and Cocktail Shakers

Polish finish. Extra quality. Breast and cap fit snugly to prevent contents from leaking. Recessed straining screen eliminates clogging and permits easier pouring.

Number	Gauge	Cap. Ozs.	Height	Ship. Wt. Lbs. Doz.
2630	20	22	8½	6
2640	18	40	10¼	10

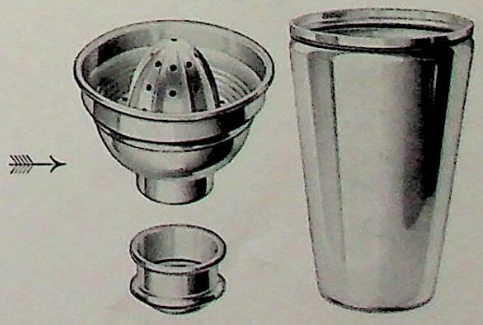
One in folding carton.

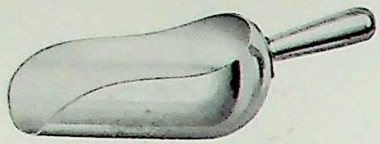
Beverage and Cocktail Shaker

Polish finish. Breast and cap fit snugly to prevent contents from leaking.

Number	Gauge	Cap. Ozs.	Height	Ship. Wt. Lbs. Doz.
2629	24	18	8	3

Half dozen in box.





Scoops

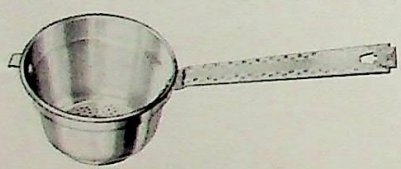
Polished, inside sun-ray finish. Extra hard aluminum. Flattened bottom section keeps scoop upright.

Number	Gauge	Length Bowl	Width	Ship. Wt. Lbs. Doz.
1947-P	18	7 1/4	4 1/8	7
One in folding carton.				
Bright natural finish.				
1947-N	18	7 1/4	4 1/8	6
Half dozen in folding carton.				

Handy Household Scoop

Bright natural finish.

Number	Gauge	Length Bowl	Width	Ship. Wt. Lbs. Doz.
1932-N	24	5 3/8	3 1/8	1 1/4
One dozen in folding carton.				



Spun-Ray Tea and Coffee Strainer

Spun-ray finish. Aluminum handle.

Number	Gauge	Length	Diam. Top	Ship. Wt. Lbs. Doz.
2525	26	7 1/8	3	1 1/4
One dozen in folding carton.				

Tea and Coffee Strainer

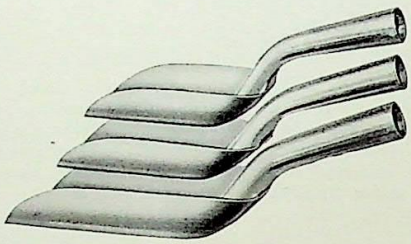
Bright natural finish.

Number	Gauge	Diam.	Ship. Wt. Lbs. Doz.
2516	25	3 3/4	3/4
One dozen in box.			

Scoops

Extra hard, bright natural finish aluminum.

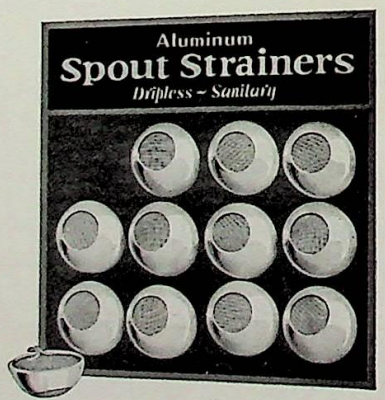
Number	Gauge	Length Bowl	Width	Ship. Wt. Lbs. Doz.
2877	21	5 1/4	2 7/8	2
2878	18	5 3/4	3 1/8	2 1/2
2879	18	7 3/8	4 1/8	3 1/2
One dozen in folding carton.				



Assorted Scoops—(Set of 12)

Extra hard, bright natural finish aluminum. Six No. 2877, 5 1/4 in.; four No. 2878, 5 3/4 in.; and two No. 2879, 7 3/8 in. scoops from above assortment.

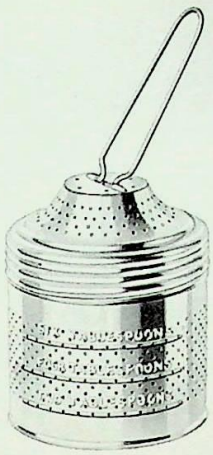
Number	Ship. Wt. Lbs. Doz.
2870	2 1/4
One dozen assorted in box.	



Tea and Coffee Strainers

Polish finish. Rust-proof straining screen. Keeps tea and coffee clear. Three-color display card.

Number	Gauge	Diam.	Ship. Wt. Lbs. Doz.
2507	26	1 3/4	1
One card in envelope.			
1 on card. Polish finish. Two-color display card.			
2506	26	1 3/4	3/4
One dozen cards in folding carton.			



Measuring Coffee Balls

Polish finish. Graduations embossed.

Number	Gauge	Height	Diam.	Ship. Wt. Lbs. Doz.
2560-P	28	3	2 3/8	1 1/4

One dozen in folding carton. Labeled.

2560-N (Same as above except bright natural.)

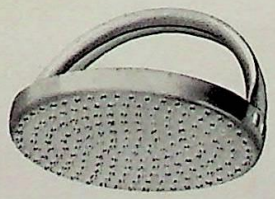
Tea Balls

Polish finish. Rust-proof chain and hook.

Number	Gauge	Height	Diam.	Ship. Wt. Lbs. Doz.
2556-P	26	2 3/8	2	1

One dozen in folding carton.

2556-N (Same as above except bright natural.)



Grater

Extra hard, bright natural finish aluminum.

Number	Gauge	Length	Width	Ship. Wt. Lbs. Doz.
2566	24	4 1/8	3 1/8	1 1/2

One dozen in folding carton. Labeled.

Tea Balls

Polish finish. Rust-proof chain and hook.

Number	Gauge	Height	Diam.	Ship. Wt. Lbs. Doz.
2553-P	26	2 3/4	2 3/8	1 1/4

One dozen in folding carton. Labeled.

2553-N (Same as above except bright natural.)

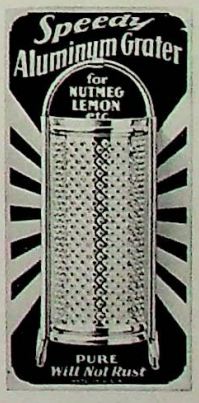
Individual Tea Balls

Polish finish. Rust-proof chain and hook.

Number	Gauge	Height	Diam.	Ship. Wt. Lbs. Doz.
2551-P	26	1 5/8	1 3/8	3/4

One dozen in folding carton.

2551-N (Same as above except bright natural.)



Graters

Extra hard, bright natural finish aluminum. Two-color display card.

Number	Gauge	Height	Width	Ship. Wt. Lbs. Doz.
2572	28	5 1/8	2	1 1/2

One dozen cards in folding carton.

Bright natural finish. Without card.

2567	28	5 1/8	2	1 1/4

One dozen in box.

Soap Boxes (Without Hinge)

Cover polished; bottom frosted finish. Extra heavy quality. Air vent insures easy opening even if soap and moisture cause a partial vacuum. Recessed top and bottom prevent soap from sticking.

Number	Gauge	Dim. Top	Height	Ship. Wt. Lbs. Doz.
1748-P	20	$3\frac{3}{4}$x$2\frac{5}{16}$	$1\frac{1}{4}$	$2\frac{1}{4}$

One dozen in folding carton.

1747 (Same as above except packed 6 on a display card.) $2\frac{1}{4}$

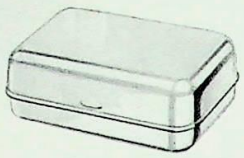
Soap Boxes (With Hinge)

Polish finish. Embossed. Ridged bottom.

Number	Gauge	Top	Height	Ship. Wt. Lbs. Doz.
1750-P	25	$2\frac{1}{4}$x$3\frac{3}{4}$	$1\frac{3}{8}$	$1\frac{1}{2}$

One dozen in folding carton.

1750-N (Same as above except bright natural.)

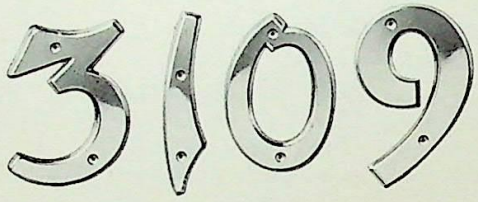


Soap Box (With Hinge)

Polish finish. Ridged bottom.

Number	Gauge	Dim. Top	Height	Ship. Wt. Lbs. Doz.
1749-P	25	$2\frac{1}{2}$x$3\frac{3}{4}$	$1\frac{3}{8}$	$1\frac{1}{2}$

One dozen in folding carton.

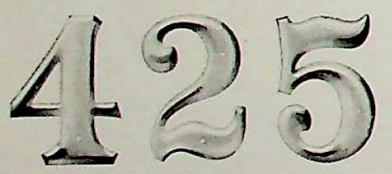


Numbers (0 to 9 Inclusive)

Polish finish. Stamped. Brads and character "$\frac{1}{2}$" furnished.

Number	Gauge	Height	Ship. Wt. Lbs. Doz.
3109	18	3	$\frac{3}{4}$

One dozen in folding carton.

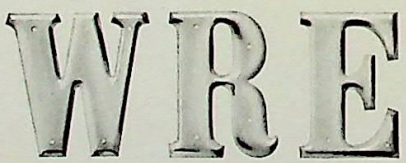


Numbers (0 to 9 Inclusive)

Polish finish. Stamped. Brads and characters "$\frac{1}{2}$" and "&" furnished.

Number	Gauge	Height	Ship. Wt. Lbs. Doz.
3101	25	3	$\frac{1}{2}$

One dozen in folding carton.



Letters (A to Z Inclusive)

Polish finish. Stamped. Brads and character "&" furnished.

Number	Gauge	Height	Ship. Wt. Lbs. Doz.
3102	25	3	$\frac{1}{2}$

One dozen in folding carton.

Eye Cup

Polish finish.

Number	Gauge	Cap. Ozs.	Ship. Wt. Lbs. Doz.
1940	26	$\frac{1}{2}$	$\frac{1}{2}$

One gross in box. NOT SOLD IN BROKEN BOX LOTS.

REPLACEABLE PARTS GUIDE FOR MIRRO AND STURDY

ITEMS ARE ARRANGED IN NUMERICAL ORDER—NOTE! First determine catalog number of complete item for which part is desired. To insure ordering correct handle, measure hole spacing. The number of the replaceable part will be found in its respective column.

All replaceable parts listed are illustrated on following pages except those marked (*).
